My Action Plan for this Year

Semester 2- I hope to do well on my ACT and try to maintain A honor roll as well. Maybe get a 4.0 that would be nice.

Personal Learning Plan

Experiential Learning					
Experiential Learning Activity	Summary of Experience	I learned more about myself	I learned more about different careers	This helped me think of some things I'd like to do in my future	I haven't tried this, but I'd like to
Expert Presenters	<p>3/23/18 anisha zak (PAC) she told us how to be ready for college and i learned about soft skills. This changed my views on how to be ready for college. 3/23/18 Career Presentation (Law) In the presentation they had us think about different jobs and if we really want to go into the field. I learned about a civil engineer. it didn't really change my views because I still don't want to be law enforcement i just had to go in that room. 3/28/2019 Triton Career Fair: - IT/Engineering session: I learned that taking more math classes can really help in the future for engineering and there is good pay involved with engineering. - Health Science Session: In the health science session I figured out that this field probably is not for me. Cybex: I learned at this booth that there is internships open at cybex. Ambulance booth: I learned that becoming an EMT is a great way to gain ranks in the health field in college and it will really help your future. 12/19/19 - Engineering - CHAD JENNINGS This engineering presenter opened my eyes to all of the opportunities the engineering field an open up. I learned that most engineers eventually work their way up into higher positions in either engineering or project planning or even</p>

	business. This helped me think more about going into the engineering field in college and taking on the task that it presents. 12/19/19 - Health 4+ Years - Career Specialist at Mayo This presenter helped me discover different routes into highly wanted and needed jobs in the health field. It helped show me that maybe the health field might not be the route I want to go down. She showed me that the health field is something that is about having experience and the ability to speak to people and ant to help them get better.				
Tours and Field Trips	3/23/18 Career Fair (gym) I went around to look at different careers. I thought about what i would like to be when I'm older. I learned about many different jobs. It opened my mind to more jobs.				
Entrepreneurship					
Community-Based Learning	12/19/19 The college graduate panel really gave me a bunch of advice to take into college. They told me to learn where all the resources are and to find a method that you can use to study. They also said to be smart with your money and dont go splurging on things you truly do not need. Lastly, they stated that finding teachers that make things easier is a great idea to have for college. I can take all of
